SITUATION SUMMARY

Cal OES Activation Status

| State Operations Center | Inland Region EOC | Coastal Region EOC | Southern Region EOC |
|--------------------------------|--------------------------|---------------------------|----------------------------|
| Normal Operations | Normal Operations | Normal Operations | Level 2 |

Cal OES COASTAL REGION

- Nothing significant to report.

Cal OES INLAND REGION

- Nothing significant to report.

Cal OES SOUTHERN REGION

At approximately 2100 hours on Sunday, 01/07/18, Santa Barbara County notified approximately 19,000 residents north of Hwy 192 from Parma Park to the Santa Barbara / Ventura County line that a mandatory evacuation would be in effect beginning at 1200 hours on Monday, 01/08/18, due to potential flash flooding and/or debris flow from the impending winter storm.

- Cal OES Southern Region activated the Region Emergency Operations Center (REOC) to a Level 2 at 0900 hours on 01/08/18, in support of Santa Barbara and Ventura County EOC activations to monitor the impacts of the winter storm.

Activations

- Cal OES Southern Region Emergency Operations Center (SREOC) is activated at Level 2, Operational Period: “A” shift 0900 – 1900 hours, If needed “B” Shift will be 1900 – 0900 hours.
- Santa Barbara County EOC is activated at Level 3 (Highest), Operational Period: 24 hours, “A” shift 0700 – 1900 hours, “B” shift 1900 – 0700 hours.
- Ventura County EOC is activated at Level 2, Operational Period – 24 hours, “A” shift 0900 – 2100 hours, “B” shift 2100 – 0900 hours.

Deployments

- 2 Cal OES Southern Region Emergency Services Coordinators (ESCs) deployed to Ventura County EOC
- 1 Cal OES Southern Region Senior ESC and 2 Southern Region ESCs deployed to Ventura County EOC

Resources Assigned

- 2 Type 1 Strike Teams (4 crews) for emergency protective measures to deploy to Ventura County.
- Four (4) High Water Trucks for flood fight mission in Santa Barbara County.

SITUATION SUMMARY

Evacuations

Service Interruptions:

- None reported.

WEATHER OF CONCERN

Weather of Concern

- Southern California can expect heavy rain, possible flash flooding and debris flows in the recent burn areas, including the Thomas, Creek, and La Tuna burn areas. 2-4 inches of rain is expected in the foothills and high elevations.

Active Weather Warnings, Watches and Advisories by County:

- <https://alerts-v2.weather.gov/counties/CA>

WEATHER SYNOPSIS BY REGION

NORTHERN CALIFORNIA

Another round of wet weather will affect the region through midweek. The main impact period will occur during the next 24 hours with light scattered showers following that period. Precipitation will largely be in the form of rain and amounts will favor the southern tier of the area including peak values between 2.5 to 3.5 inches. A breezy southerly flow will affect the area through early Tuesday before turning W and NW following the trough passage.

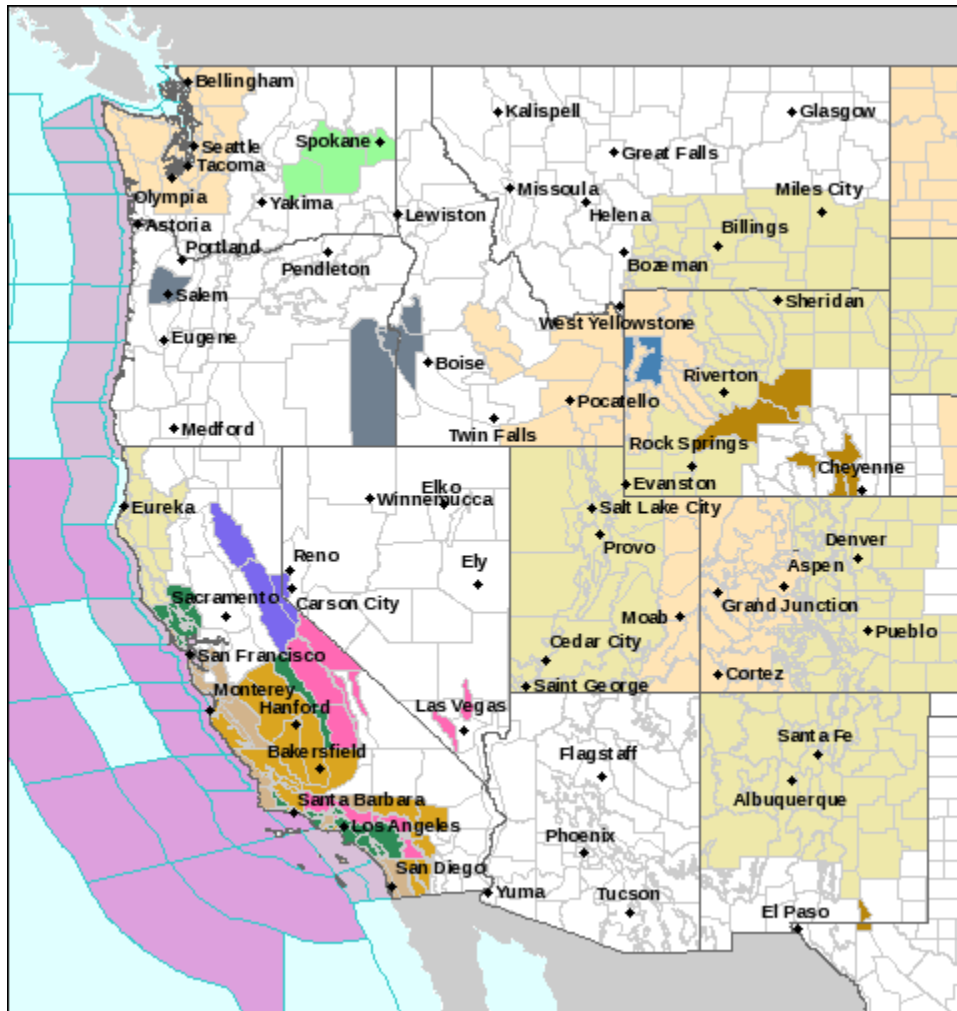

A weak Pacific wave will move across the region Thursday into Thursday night and provide light rain showers to the far north. Gustier N to NE winds will follow Friday into Friday night. A drier and warm ridge scenario is shaping up for the weekend period.

SOUTHERN CALIFORNIA

A strong Pacific storm will bring periods of rain to the area through Tuesday afternoon, with rain heavy at times tonight through Tuesday morning. Most foothill and mountain locations will receive between 2 and 4 inches of rainfall and most coastal and valley locations will receive between 1 and 2 inches of rainfall with this storm through Tuesday afternoon. The snow level will be above 8,000 feet today and then drop to around 6,000 feet Tuesday. Southerly winds of 20 to 40 mph with gusts to 60 mph will develop over the wind prone areas of Central California this morning and then spread to the region this evening. These strong southerly winds will continue through Tuesday morning. Westerly winds of 20 to 40 mph with gusts to 60 mph will surface across the mountain ridges and desert passes Tuesday afternoon and evening. Temperatures will cool around 5 degrees to near normal today, with mid 40s to mid 50s across the mountains and upper 50s and 60s in the valleys. Temperatures will cool another 5 to 10 degrees Tuesday as the storm pushes inland. A ridge of high pressure will build into California from the Pacific Ocean bringing significant warming and drying to the region Wednesday through this weekend. Temperatures will be 10 to 15 degrees above normal by this weekend, with the valleys of the region reaching the low 80s. Northerly winds of 20 to 40 mph with gusts to 60 mph will surface across much of Santa Barbara County and the Grapevine Wednesday. Winds will be light across the entire area Thursday through this weekend.

Cal OES
GOVERNOR'S OFFICE
OF EMERGENCY SERVICES

Cal OES LAW ENFORCEMENT MISSIONS

Cal OES Law Missions

- **2018-LAW-44459, on 01/07/18 at 1400 hours:** Santa Barbara Sheriff's Office (SBSO) is requesting California National Guard (CNG) Field Support/NANO devices to track SBSO SAR members for anticipated flood evacuations in the Thomas Fire burn areas. Request is for 01/07/18 @ 2200, through the conclusion of the storm, anticipated Tuesday evening. Joint Operation Center (JOC) accepted the mission; coordinating. **01/07/18 at 1615 hours:** CNG will deploy from Sacramento to Santa Barbara County on 01/08/18, early AM. **Mission Ongoing.**
- **2018-LAW-44413, on 01/06/18 at 0934 hours:** the Air Force Rescue Coordination Center (AFRCC) received a call from Orange County Sheriff's Office requesting cell phone forensics for a missing person case. I spoke with Orange County and they advised it was a Law Enforcement sensitive case and needed to track a cell phone. I referred them to the AFRCC who later determined they were unable to assist due to it being a criminal case not a Search and Rescue. Orange County was given the law enforcement contacts of the cell provider to retrieve the information. **Mission Closed.**
- **2018-LAW-44413, on 01/06/18 at 1226 hours:** the Air Force Rescue Coordination Center (AFRCC) received a Personal Locator Beacon (PLB) from the Los Angeles Area. They supplied the LDO with the registered owner's information. I was able to contact the RO on his cell phone who said he had fallen and was injured while hiking in the wilderness. The RO had also contacted the Los Angeles Air Unit and they were already in route to assist. I confirmed that information with the Los Angeles Aero Unit supervisor. **01/006/18 at 1336 hours:** the victim was airlifted out of the area and transported to a local hospital for his injuries. **Mission Closed.**

Cal OES MISSION TASKING

Cal OES Missions

- **2017-Cal OES-42559:** Weather station installed to gather real time rainfall data by Air Resources Control Board (On Scene).
- **2017-SOC-44098:** CalRecycle Debris Management Team in Ventura County.
- **2017-SOC-44022:** Two E-BAM (air monitors) from Air Resources Board/Office of Emergency Response to monitor smoke from the Thomas Fires. Location one: Olga Reed Elementary School (480 Centennial St., Los Alamos); Location two: Carpinteria City Hall (5775 Carpinteria Ave., Carpinteria) (On Scene).
- **2017-SOC-43821:** DTSC to remove household hazardous waste from over 500 residential lots in Ventura County (On Scene).
